Foreword

Two roads diverged in a wood, and I—I took the one less travelled by, and that has made all the difference.

Robert Frost

By the time the students arrive at WACC they have already made one big decision in their life. They have decided in what direction their lifes' goal lies.

Through our doors pass many different types of students from countries all over the world. We like to think that they have chosen WACC because of its academic excellence and its great diversity of course offerings especially in our Applied Arts section.

The Applied Arts section offers courses in everything from computer programming to heavy equipment operation.

The Liberal Arts area offers the student a chance to complete two years of a four year's liberal studies education in which he can put emphasis on anything from lang. or math to education and social work.

The continuing ed. area offers a great variety of courses to those who have completed a formal education but who wish to return to school and either broaden or add to that education.

Williamsport is a growing community in which growing industries are located. Many of our students have found jobs in the diverse industries within the area.

It is by guiding these students and by locating jobs for them that has made WACC a growing school in a growing community.

Professor Hugh M. MacMullan, Chairman of the English and Speech Department.

Dedication

The yearbook is respectfully dedicated to Associate Professor Hugh M. MacMullan, Chairman of the English and Speech Arts Department. He received his B.A. Degree from Williams College and earned his B. Litt. Degree at Oxford University, England.

He has worked approximately 10 years in the language arts field—as a teacher, writer, drama coach, dialogue director, director, or producer. In truth, he has run the gamut of his subject field.

Beginning in 1928 as an instructor in English at the Shadyside Academy, Pittsburgh, he moved to the Berkshire School, Sheffield, Mass., until he became a talent scout and test director and associate producer on Broadway for Warner Brothers.

From 1938 to 1942 he was dialogue director at both Columbia and Warner Brothers after which he served as Motion Picture Production Officer of U.S. Naval Photographic Science Laboratory. A Lieutenant Commander in the Naval Reserves, he received a letter of commendation from the Secretary of the Navy for six films.

In 1949 he was an associate producer at Artists, Inc., Head of the Story Department, National Pictures, Inc., and dialogue director of Warner Brothers production of THE GLASS MENAGERIE.

A lecturer in motion picture aesthetics and documentary film writing at both graduate and undergradnate levels, Theatre Arts Department, U.C.L.A., he was co-director of the *El Centro Story*, a documentary film made by members of the U.S. Naval Reserve Unit No. 11-1 which was awarded a prize at the Venice Film Festival and sold to Warner Brothers for public release.

From 1950 to 1955, he was a writer and producer of Cascade Pictures of California and responsible for some one hundred reels of training, industrial, and propaganda films for the Navy and State Department and such corporations as Boeing Airplane and Douglas Aircraft, including THE ROSARY OF THE MISSIONS, winner of a prize at the Venice Film Festival and the 1955 Golden Reel Film Festival Award, and REBELLION, a feature length film in Burmese from Prime Minister U Nu's play, THE PEOPLE WIN THROUGH.

Within the following two years, he was Dean of the College, Pasadena Playhouse College of Theater Arts, and associate producer, Ziv television, responsible for the pilot film for Richard Carlson's MACKENZIE'S RAIDERS.

Prof. MacMullan hard at work.

Returning to Williamsport in 1957, he continued work as a writer, director, and editor with the film REPORT TO THE CHARITABLE, a release for the Lycoming County Crippled Children's Society which won the Norris Harkness Award, Photographic Society of America.

Responsible for THE 1961 ARTS FESTIVAL, another film, he continued producing locally by writing, directing and editing EASTER CAN BE EVERY DAY, a film for the Wyoming Valley Crippled Children's Association, Wilkes-Barre, in 1963.

In addition, he has written, directed and edited a film for the Lycoming County School of Hope for Retarded Children, and is completing a short title catalogue of the books published between 1480 and 1700 in the Hugh Hart Cummin Collection of the J. V. Brown Library. The monthly lobby display of rare books and associated items at the Brown Library is of special interest to him.

Writings which he has published include articles in the Williams College Graphic and Literary Monthly which he served as Editor-in-Chief; and various essays and poems published in the Stapledon Magazine, Exeter College, Oxford.

National publications include LOUDER THAN WORDS, a novel; THE LITTLE BIRD, a short story in book form; AWAY FROM THE ROAD and THE DEVIL WAITS, two one-act plays in EASILY STAGED PLAYS FOR BOYS; and articles that have appeared in ST. PATRICK FOR IRELAND, VAGABOND, PENNSYLVANIA HISTORY, SCREEN WRITER'S MAGAZINE, and the HOLLYWOOD QUARTERLY.

His work in drama began with being the founder and president of the Williams College Little Theater and has expanded through the years to include national, state and local organizations.

Today, Professor MacMullan could be called "the booking agent of Williamsport" and evidences just that in the quality programs he brings to the college as Chairman of the Special Events Committee.

Administration

Dr. Kenneth Carl, President.

The administration is perhaps the most important body within our school. We are fortunate in having a group of very capable men to administer our college. We owe a debt of gratitude to these men and their tireless efforts without which we would have no school.

Dr. C. Herschel Jones, Vice President.

Dr. Otto Sonder
Dean of Liberal Arts and Sciences.

Mr. James P. Bressler, Dean of Applied Arts and Sciences.

Mr. William Homisak, Dean of Continuing Education.

Dr. Otto Sonder, Dean of Liberal Arts and Sciences; Mr. William Homisak, Dean of Continuing Education; Dr. C. Herschel Jones, Vice President; Mr. James P. Bressler, Dean of Applied Arts and Sciences; Mr. Grant M. Berry, Dean of Student Services.

The various deans often get together with the vice-president to discuss school policy and business and also to keep abreast with the latest events within the sponsoring districts.

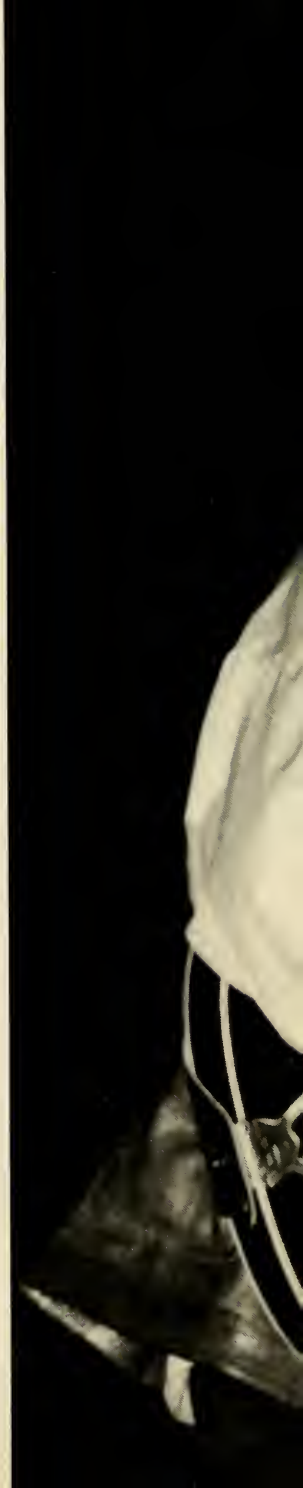
Mass Confusion

Fall Activities



In conjunction with the National War Moratorium held on October 15, 1969, W.A.C.C. held its own Moratorium. Greg Johnson acted as a catalyst to motivate the discussion. The auditorium was filled with students and faculty, some of which came to participate while others just came to watch and listen.

A War Moratorium

Reid Buckley Presents . . .

Reid Buckley, distinguished critic, author and platform personality, spoke on the subject, "Can Conservatives Be Progressive?", at the WHS auditorium on October 14.

An eloquent spokesman for the conservative point of view, Mr. Buckley is known for his extraordinary ability to speak on-his-feet and for his perceptive and witty repartee.

The brother of William F. Buckley, Jr. Editor-in-Chief of the National Review, he is strongly opinionated and possesses a lively imagination.

Reid Buckley is the author of "Eye of the Hurricane" and has contributed to Vogue, Diplomat, The Atlantic Monthly, and other leading magazines.

Educated in England, Mexico, and the United States, he received his A.B. Degree from Yale where he distinguished himself as a debater, editor and writer.

PRESENTS GEORGE BERNARD SHAW

Scott Carpenter, one of America's noted astronauts, came to W.A.C.C., as part of the schools Fall cultural events. He spoke in the W.H.S. Auditorium in support of the United States Aquanaut program.

Scott Carpenter talks with some youngsters after his speech.

Fall Weekend

Every year the Student Government Association sponsors Fall Weekend at W.A.C.C. This activity is the biggest event of the Fall Semester. This year we celebrated the big weekend by having Oliver in concert at the W.A.C.C. Gym. We also had the Aftermath held at the Woodward Twp. Fire Hall and a road rallye. The weekend drew to a slumbering close with a relaxing picnic showing W. C. Fields and the Road Runner on film.

Carol Fry
Fall Weekend Queen

A glass jug ready to roll on the road rallye held during Fall Weekend.

The rallye developed hardships for some.

Above: Students wait for cars coming into one of the checkpoints on the rallye. Below: After the rallye the students wait for the chow line.

Students Enjoy Picnic
